To Whom It May Concern

I would like to take this opportunity to recommend Snow Logic Inc. for the outstanding snow and ice maintenance service they have provided Consolidated Fastfrate Inc. for the past 5 years.

As a transportation and logistics provider that sits on 30 acres of property, a clean and ice-free facility is essential to our business's success and safety.

By designing and building a specialty piece of equipment that removes snow from underneath our trailers and using large high efficiency equipment Snow Logic has been able to substantially reduce our costs and create a safe working environment for our employees, customers and suppliers.

Snowlogic has been able to adhere to all of our stringent safety and security policies which due to the amount of traffic and the shared drive with CP Rail can be a sizeable challenge.

Additionally we would like to emphasize the "On-Call" 24 hours a day service that Snowlogic provides before, during and after a storm.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "George Bichara".
